Resumen

Front-end developer with a product-wide vision, experience in UX/UI design, and a strong creative identity.

I merge code, design, and branding to craft experiences with soul.

I design with a focus on aesthetics, functionality, and content—creating clear, intuitive products.

I've led teams, built online tools, and worked on impactful tech, Web3, and cultural projects.

Driven by purpose, I streamline processes and design solutions that truly reach people.

Experiencia

Claridad
